TIBURON COMMUNITY EVENTS

Sea level rise survey

If you haven't already taken the survey you can do so by using the link below. Adapting to sea level rise is something we all need to think about.

<https://createtiburon2040.org/surveys/adapting-to-sea-level-rise/>

If you missed last month's presentation by the Town of Tiburon, you can access it here under the "Past Workshops" button. <https://createtiburon2040.org/workshops/>

Other General Plan Update workshops

In addition to the sea level workshop last month, just recently the town held another workshop focused on safety, parks, and open space. The recording of that workshop should be available within a few days. Use the same workshops link above.

AND MORE...

Did you see it? This whale was seen touring SF Bay around Sausalito and Tiburon last month. The photo, credited to an individual named Mays Dickey, was printed in the Chronicle on March 21. What an amazing shot of that rainbow spray! Reportedly, the whale was a humpback, and they are rarely seen inside the Golden Gate. Keep your eyes open, in case we are lucky enough to have more of these visitors!
